RESEARCH NOTES

Illinois cottage food law (PA 102-0633 eff. Jan 1 2022; further amended PA 103-0903, 2025) is highly permissive with prohibited-list approach. Registration required with local health department (\$50/year cap). Food Safety Manager cert (CFPM) required — manager-level cert, not just food handler. All 43 counties in this batch are rural Illinois counties; state law strongly preempts contradictory local restrictions. Hancock County in western IL; county seat Carthage. Rural agricultural county near Nauvoo. No county-specific cottage food deviations found. Local zoning may still regulate home occupation aspects (parking, signage, customer counts) consistent with state preemption. University of Illinois Extension and Illinois Stewardship Alliance offer county-level guidance. Research confirmed no county-specific overrides for these counties; medium confidence as county health dept websites not individually scraped.
