Cottage food law changes frequently. Counties may amend zoning, health departments may issue new permits, and state legislatures may update statutes after the publication date shown above.

Always verify rules directly with your state department of health/agriculture and your county health and planning offices before relying on them for any business or regulatory decision. Consult a licensed attorney for advice specific to your situation.

RESEARCH NOTES

No county-specific cottage food ordinance found that overrides state law. Indiana IC 16-42-5.3, Sec. 12 explicitly prohibits local government from requiring any licensure, certification, or inspection of home-based vendor foods. State law fully preempts local licensing/inspection requirements. Food handler certificate (ANSI-accredited) required; no registration/permit required. No sales cap. Indiana HB 1424 (signed March 2026, effective July 1, 2026) further loosens regulations; not yet in effect as of research date. Defaulting to state baseline.
