## State context — Utah cottage food law

Carbon County's rules sit on top of Utah's state cottage food framework. The state law sets the floor — counties can add but cannot remove protections.

### STATUTE

Utah Code §4-5-501

### ANNUAL SALES CAP

—

### REGISTRATION REQUIRED

Yes

### FOOD HANDLER CERT

Yes

### KITCHEN INSPECTION

No

### DIRECT SALES ONLY

No

### INDIRECT SALES

Yes — Registered cottage food operations may sell through various channels. The Utah Department of Agriculture and Food (UDAF) issues registration; local health departments do not have jurisdiction to regulate compliant cottage food operations except to investigate foodborne illness outbreaks. The state also has a separate Home Consumption and Homemade Food Act (Utah Code Title 4, Chapter 5A) that allows unregistered sales of certain homemade foods with a business license, but only at direct-to-sale farmers markets or direct-to-sale locations with appropriate signage. Food service establishments may not use cottage food products as ingredients in food served to the public.
