## Executive summary

This report covers the Oklahoma cottage food framework — the state statute, the regulatory body administering it, what producers can and cannot sell, and county-level rules layered on top of state law for the 77 Oklahoma counties included in this dataset.

### ANNUAL SALES CAP

75000

### FOOD HANDLER CERTIFICATION

recommended

### DIRECT SALES ONLY

no

### REGISTRATION REQUIRED

no

### KITCHEN INSPECTION

no

### INDIRECT SALES (RETAIL/ONLINE/WHOLESALE)

limited (see notes) — Sales are permitted on site, by delivery, at farmers markets, through cooperatives, and through membership-based buying clubs. The Oklahoma Department of Agriculture, Food, and Forestry may promulgate rules to allow sales at other locations or by other means. County ordinances may regulate but may not conflict with or impede the Act. For TCS foods, the producer must complete an approved food safety training (e.g., ServSafe Food Handler Training, max 8 hours, available online) before selling.

### RESEARCH NOTES

The input statute\_url (oscn.net citeid=478859) actually resolved to Oklahoma Medicaid False Claims Act venue/jurisdiction provisions — not the Homemade Food Freedom Act. The correct citation is 2 O.S. §§5-4.1 through 5-4.6 (Title 2, not Title 63 as originally listed in the input). The enrolled HB 1032 PDF from the Oklahoma State Department of Health was used as the primary source. The 2021 amendment (HB 1032, eff. Nov. 1, 2021) renamed the law to Homemade Food Freedom Act and raised the cap from \$20,000 to \$75,000 while expanding from baked goods to all homemade food products. TCS foods require food safety training but remain permitted. The state\_dept\_cottage\_url returned 404; the policy letter and enrolled bill PDF at [oklahoma.gov/health](http://oklahoma.gov/health) were accessible.

### Allowed foods

The Homemade Food Freedom Act covers a broad range of homemade food products including beverages, baked goods, and any food produced and packaged at a residence, provided it is not an alcoholic beverage, unpasteurized milk, or cannabis product. Non-time-or-temperature-controlled-for-safety (non-TCS) foods with pH 4.6 or below or water activity 0.85 or below are fully exempt from licensing. Time-or-temperature-controlled-for-safety (TCS) foods are also allowed but require food safety training.

### Prohibited foods

Alcoholic beverages, unpasteurized milk, and cannabis/marijuana products are expressly prohibited. Foods requiring time or temperature control for safety (TCS foods) require completion of an approved food safety training program before sale.

### Labeling requirements

Home food establishments that sell prepared food must affix a label containing: name of the product, ingredients in descending order by weight, net weight or volume, name and address of the home food establishment, and the statement that the product was produced in a home kitchen that is not inspected by the State Department of Health or the Oklahoma Department of Agriculture, Food, and Forestry.

## Statutory text — verbatim excerpt

### Statute excerpt — verbatim

Section 5-4.1 This act shall be known and may be cited as the "Homemade Food Freedom Act".

Section 5-4.2 As used in the Homemade Food Freedom Act: 1. "Home food establishment" shall mean a business on the premises of a residence in which prepared homemade food products are created for sale or resale at farmers markets, on site, at cooperatives, through membership-based buying clubs or for delivery, if the business has gross annual sales of prepared food of less than Seventy-five Thousand Dollars (\$75,000.00). Gross annual sales includes all sales of prepared food produced by the business at any location; and 2. "Delivered" shall mean transferred to the customer, either immediately upon sale or at a time thereafter; 3. "Homemade food product" shall mean food, including a beverage, which is produced and, if packaged, packaged at a residence; provided, however, homemade food product shall not mean alcoholic beverages or unpasteurized milk or cannabis or marijuana products; 4. "Non-time- or -temperature-controlled for safety" shall mean food that does not require time or temperature control for safety to limit the rapid and progressive growth of infectious or toxigenic microorganisms, including foods that have a pH level of four and six-tenths (4.6) or below or a water activity (aw) of 0.85 or below.

Section 5-4.3 A. A home food establishment may sell prepared food on site, by delivery, at a farmers market, through a cooperative, or through a membership-based buying club.

#### RESEARCH NOTES

Oklahoma Homemade Food Freedom Act (HB 1032, 2021) applies statewide. Cherokee County overlaps significantly with the Cherokee Nation Reservation (McGirt v. Oklahoma, 2020 ruling). Home food producers on tribal trust land should consult Cherokee Nation regulations. City of Tahlequah has its own municipal zoning requirements. \$75,000 annual sales cap. TCS foods allowed with food safety training.

### Home kitchen rules

|                            |  |
|----------------------------|--|
| HOME KITCHEN ALLOWED       | yes — Production must occur at producer's primary residence. Annual gross sales cap of \$75,000. Non-TCS foods: no license, inspection, or registration required. TCS foods: must complete approved food safety training (ServSafe or ODAFF-approved, ≤8 hours) before selling. Labeling required on all products (producer name/address, ingredients, allergens, net weight, 'Made in a Home Kitchen - Not Inspected by the Oklahoma Department of Agriculture, Food and Forestry or the Oklahoma State Department of Health'). Voluntary ODAFF registration available (\$15/year). |
| SEPARATE DEDICATED KITCHEN | no   |
| PET RESTRICTIONS           | Not specified in state law; standard sanitation practices apply  |
| WATER SUPPLY               | Not specified in state law; standard residential water supply assumed  |
| HANDWASHING                | Not specified in state law beyond standard sanitation practices  |
| FOOD STORAGE               | Not specified in state law; standard food safety practices implied   |

### Inspection & permitting

|                        |   |
|------------------------|---|
| INSPECTION REQUIRED    | no — No routine inspection. ODAFF may investigate upon complaint of foodborne illness or labeling violation; may request proof of food safety training for TCS food producers   |
| HOME OCCUPATION PERMIT | varies — McClain County is in the Oklahoma City metro area. The City of Purcell requires a business license for home-based businesses. The City of Newcastle and other incorporated communities within the county have their own zoning and home occupation rules. Unincorporated areas near the OKC metropolitan area may be subject to county-level land use regulations. State law (§5-4.6) allows counties to adopt non-conflicting ordinances. |
