Pickup / delivery

Arizona cottage food allows broad sales channels: direct from home, online, at events, through retailers, and via delivery. Non-dairy/non-meat products may be sold anywhere including online and in stores. The 2024 expansion added perishable food sales options.

If you rent a commissary kitchen

County health permits food establishments. Arizona cottage food is a separate home path. A rented kitchen is a food establishment under the county health department that issues retail food permits.
