HOW THIS PLACE WORKS

Georgia no longer sells a state cottage-food license. HB 398 (effective July 1, 2025) removed the Georgia Department of Agriculture cottage-food license and fee. What may still apply is city or county occupational tax and zoning. This packet keeps the GDA program page so you can read the current state rules.

Zoning / home occupation

Varies. Douglas County may require a business license and home occupation permit under local zoning. No county-specific cottage food overlay identified.

Health

Upon-complaint. GDA may inspect upon consumer complaint.

Business license

Yes

Pickup / delivery

Under HB 398: wholesale, retail, online, and direct sales all permitted. Delivery allowed. Interstate sales now permitted.

If you rent a commissary kitchen

A commissary is a food-service permit, not occupational tax. Georgia no longer sells a GDA cottage license (HB 398). A rented kitchen is still a food-service establishment permitted by the county health department or the Department of Public Health. Occupational tax is not that permit.

This file is the home-kitchen path. A rented kitchen uses a different permit. Ask the kitchen manager which license they expect, then call the local health office.
