HOW THIS PLACE WORKS

Georgia no longer sells a state cottage-food license. HB 398 (effective July 1, 2025) removed the Georgia Department of Agriculture cottage-food license and fee. What may still apply is city or county occupational tax and zoning. This packet keeps the GDA program page so you can read the current state rules.

State

Zoning / home occupation

Conditional. No Georgia state requirement for a home occupation permit for cottage food. Fulton County cities (Atlanta, Sandy Springs, Roswell, etc.) may have their own home occupation requirements. No county-specific cottage food permit found.

Health

Upon-complaint. Complaint-based only under new HB 398 framework (effective July 2025). GDA has no routine inspection authority for cottage food.

Business license

Varies by city

Pickup / delivery

State law (eff. July 2025) allows interstate sales, wholesale, retail, online, and restaurant sales. No annual sales cap. Broad food categories allowed.

If you rent a commissary kitchen

A commissary is a food-service permit, not occupational tax. Georgia no longer sells a GDA cottage license (HB 398). A rented kitchen is still a food-service establishment permitted by the county health department or the Department of Public Health. Occupational tax is not that permit.

This file is the home-kitchen path. A rented kitchen uses a different permit. Ask the kitchen manager which license they expect, then call the local health office.
