HOW THIS PLACE WORKS

Georgia no longer sells a state cottage-food license. HB 398 (effective July 1, 2025) removed the Georgia Department of Agriculture cottage-food license and fee. What may still apply is city or county occupational tax and zoning. This packet keeps the GDA program page so you can read the current state rules.

Zoning / home occupation

Conditional. Worth County is in unincorporated Georgia. Georgia HB 398 removed state licensing requirements effective July 1, 2025, but local zoning and home occupation rules may still apply. Check with Worth County Planning/Zoning for home occupation permit requirements.

Health

Upon-complaint. Complaint-based only under Georgia HB 398 (eff. July 2025). No routine or pre-operational inspections.

Business license

Varies

Pickup / delivery

Georgia HB 398 allows all sales channels including direct from home, online, through retailers, restaurants, wholesalers, and interstate sales.

If you rent a commissary kitchen

A commissary is a food-service permit, not occupational tax. Georgia no longer sells a GDA cottage license (HB 398). A rented kitchen is still a food-service establishment permitted by the county health department or the Department of Public Health. Occupational tax is not that permit.

This file is the home-kitchen path. A rented kitchen uses a different permit. Ask the kitchen manager which license they expect, then call the local health office.
