Where to file

State

Illinois registration: Yes. Routine kitchen inspection: Upon-complaint. Illinois prohibits sales to restaurants, retail stores, and wholesale; direct in-state sales are allowed anywhere including home, online, farmers markets, events, and roadside stands; non-perishable items may be shipped within Illinois only.

Zoning / home occupation

Conditional. Champaign County (unincorporated areas) and cities (Champaign, Urbana, Savoy) may require home occupation permits for home-based businesses. Illinois state law preempts contradictory municipal restrictions on cottage food in most cases. Contact Champaign County Planning or relevant municipal planning department. The county govt URL (champaigncountyil.gov) is available.

Health

Upon-complaint. Local health departments may inspect upon complaint. Some local health departments (§410 ILCS 625/4(d)) may impose additional requirements; complaint-based inspection is the standard approach.

Business license

Varies

Pickup / delivery

Illinois cottage food law permits direct in-state sales at farmers markets, events, from home, and online (non-perishable items only via shipping within Illinois). No out-of-state shipping. No wholesale or restaurant sales.

If you rent a commissary kitchen

Local health departments license food facilities. Illinois cottage food registers with the local health department. A commissary or restaurant is a retail food establishment, also at that department, on a different permit.

This file is the home-kitchen path. A rented kitchen uses a different permit. Ask the kitchen manager which license they expect, then call the local health office.
