Zoning / home occupation

Varies. Livingston County local zoning ordinances may regulate home-based business activities (parking, signage, customer traffic). Illinois state cottage food law preempts local restrictions that are inconsistent with state law, but operators should verify home occupation permit requirements with the county zoning/ planning office or municipality of residence.

Health

Upon-complaint. Consumer complaint or suspected foodborne illness

Business license

Varies

Pickup / delivery

Direct sales to consumers only (in person, at farmers markets, online orders). In-state shipping of non-perishable items permitted within Illinois. Out-of-state shipping prohibited. No third-party resale or distribution.

If you rent a commissary kitchen

Local health departments license food facilities. Illinois cottage food registers with the local health department. A commissary or restaurant is a retail food establishment, also at that department, on a different permit.

This file is the home-kitchen path. A rented kitchen uses a different permit. Ask the kitchen manager which license they expect, then call the local health office.
