Pickup / delivery

Ask Planning before you advertise pickup at the house.

If you rent a commissary kitchen

Local health departments license food facilities. Illinois cottage food registers with the local health department. A commissary or restaurant is a retail food establishment, also at that department, on a different permit.

Local health office we have on file: <https://www.schuylercounty.gov>

This file is the home-kitchen path. A rented kitchen uses a different permit. Ask the kitchen manager which license they expect, then call the local health office.
