Statute: [Ind. Code §16-42-5.2](#)

Zoning / home occupation

Conditional. State law (IC 16-42-5.3 Sec. 12) expressly prohibits local governments from requiring licensure, certification, or inspection of home-based vendor (HBV) food operations. However, local zoning ordinances for home-based businesses may still apply. Ripley County zoning should be verified directly with the county for any home occupation requirements unrelated to food safety.

Health

Upon-complaint. State statute (IC 16-42-5.3 Sec. 12) expressly prohibits local governments from requiring inspection; state department of health may investigate upon complaint or foodborne illness report.

Business license

Pickup / delivery

Products may be sold in-person, by telephone, or via the internet, and delivered to the end consumer in person, by mail, or by third-party carrier. All sales and shipments must remain within Indiana. No sales to warehouses, retail food establishments, or wholesalers; all sales must be direct-to-consumer.

If you rent a commissary kitchen

Local health departments license retail food. Indiana home-based vendor rules do not replace a retail food establishment permit. A commissary is licensed by the local health department.
