Where to file

State

Missouri registration: No. Routine kitchen inspection: No. Under §196.298, sales must be directly to consumers from the producer's home. Events, farmers markets, restaurants, retail stores, and roadside stands are not permitted under this law. Internet/online sales are allowed but only if both the producer and buyer are located in Missouri. Local health departments are explicitly prohibited from regulating the production of food at cottage food operations. A separate Missouri statute (individual stands law) allows sales at events and roadside stands in counties that have adopted it, permitting most other nonperishable foods.

Zoning / home occupation

Yes. Dade County typically requires a home occupation permit for home-based businesses in residential zones. Business must be secondary to residential use. Common conditions: no on-site employees beyond household members, no external signage, limited customer visits, no hazardous materials. Missouri Cottage Law (§196.298) prohibits local health departments from regulating production, but zoning/home occupation permits are a separate local requirement. Many rural Missouri counties have limited formal zoning in unincorporated areas; verify with the Greenfield county courthouse.

Health

No. No routine inspections under cottage law. Health departments may investigate foodborne illness reports.
