Where to file

State

Missouri registration: No. Routine kitchen inspection: No. Under §196.298, sales must be directly to consumers from the producer's home. Events, farmers markets, restaurants, retail stores, and roadside stands are not permitted under this law. Internet/online sales are allowed but only if both the producer and buyer are located in Missouri. Local health departments are explicitly prohibited from regulating the production of food at cottage food operations. A separate Missouri statute (individual stands law) allows sales at events and roadside stands in counties that have adopted it, permitting most other nonperishable foods.
