Where to file

State

New Hampshire registration: Depends. Routine kitchen inspection: Upon-complaint. Exempt operations (below sales cap) may sell at retail food stores without a license. Sales to restaurants, over the internet, by mail order, or to wholesalers/distributors require a Class H Homestead License under RSA 143-A:4. The department may inspect upon suspicion of imminent health hazard but does not conduct routine inspections of exempt operations.

Zoning / home occupation

Varies. Grafton County is an unorganized/rural county in NH; individual towns govern zoning. Each town in Grafton County sets its own home occupation rules. Producers should check with their town's zoning office. Many NH towns permit low-traffic home-based food businesses without a special permit but some require a home occupation permit.

Health

Upon-complaint. NH DHHS may inspect upon complaint or suspected foodborne illness. No routine pre-operational inspection required for exempt operations below the sales threshold.

Business license

Varies

Pickup / delivery

Homestead food products may be sold from the homestead residence, at the owner's farm stand, at farmers markets, and at retail food stores without a license if below the sales threshold. Above threshold a Class H Homestead License (\$150 fee) is required. Online and mail-order sales require the license.

If you rent a commissary kitchen

DHHS licenses food service. New Hampshire homestead food is not a food-service license. A commissary is a food service establishment licensed by DHHS.
