### HOW THIS PLACE WORKS

**New York registers home processors at the state.** Home Processor registration is with the New York State Department of Agriculture and Markets, not the county health department. Suffolk, Nassau, and other county health pages will not have a separate cottage-food application. Confirm labeling and the AGM registration page in this file.

Ask Planning before you advertise pickup at the house.

### If you rent a commissary kitchen

**A commissary is Article 20-C or a health permit, not Home Processor.** New York Home Processor is a state AGM registration for a home kitchen. If you hold a DOH permit or AGM 20-C license, homemade food must be made at that licensed facility. A commissary is that licensed facility.

This file is the home-kitchen path. A rented kitchen uses a different permit. Ask the kitchen manager which license they expect, then call the local health office.
