Where to file

State

Ohio registration: No. Routine kitchen inspection: No. Labeled cottage food products may be sold to or used by retail food establishments and food service operations licensed under Ohio Revised Code Chapter 3717. This enables indirect/wholesale sales within Ohio. Products may not be sold outside the state of Ohio.

Zoning / home occupation

Varies. No state-level permit required. Holmes County zoning resolutions may require a home occupation permit for unincorporated areas. Contact Holmes County Regional Planning Commission in Millersburg for local requirements. Given the significant Amish cottage food economy, local zoning may be more permissive in practice.

Health

No. ODA has sampling authority; no routine inspection required.

Business license

Varies

Pickup / delivery

Direct sales (home, farmers markets, events) and indirect sales to licensed retail food establishments permitted within Ohio. No out-of-state sales.

If you rent a commissary kitchen

ODA cottage food is not a food-service license. Ohio cottage food may be sold to licensed food-service operations. Baking in a commissary means that kitchen's food-service or food-establishment license applies. Local health departments license food service.
