Not legal advice. Rules change. Confirm with the office before you file.

Where to file

State

Utah registration: Yes. Routine kitchen inspection: No. Registered cottage food operations may sell through various channels. The Utah Department of Agriculture and Food (UDAF) issues registration; local health departments do not have jurisdiction to regulate compliant cottage food operations except to investigate foodborne illness outbreaks. The state also has a separate Home Consumption and Homemade Food Act (Utah Code Title 4, Chapter 5A) that allows unregistered sales of certain homemade foods with a business license, but only at direct-to-sale farmers markets or direct-to-sale locations with appropriate signage. Food service establishments may not use cottage food products as ingredients in food served to the public.

Statute: [Utah Code §4-5-501](#)

Zoning / home occupation

Varies. Cache County zoning ordinance may require a home occupation permit in unincorporated areas. Logan City (home of Utah State University) has its own home occupation rules. Local health departments have no jurisdiction over compliant UDAF-registered operations.

Health

No. No routine inspection. UDAF may investigate upon complaint.

Business license

Varies

Pickup / delivery

UDAF cottage food registration: sales permitted from home, farmers markets, online, and retail channels. Home Consumption pathway: direct-to-sale at farmers markets or direct-to-sale locations only.

If you rent a commissary kitchen

UDAF cottage food is not a food-service permit. Utah cottage food is a UDAF registration. A commissary is a food establishment permitted by the local health department.

Local health office we have on file: <https://www.cachecounty.gov>

This file is the home-kitchen path. A rented kitchen uses a different permit. Ask the kitchen manager which license they expect, then call the local health office.
