## Where to file

### State

Utah registration: Yes. Routine kitchen inspection: No. Registered cottage food operations may sell through various channels. The Utah Department of Agriculture and Food (UDAF) issues registration; local health departments do not have jurisdiction to regulate compliant cottage food operations except to investigate foodborne illness outbreaks. The state also has a separate Home Consumption and Homemade Food Act (Utah Code Title 4, Chapter 5A) that allows unregistered sales of certain homemade foods with a business license, but only at direct-to-sale farmers markets or direct-to-sale locations with appropriate signage. Food service establishments may not use cottage food products as ingredients in food served to the public.

### Zoning / home occupation

Yes. Sevier County is subject to Utah state law under Utah Code §4-5-501, which requires UDAF registration and a food handler's permit. Utah state law explicitly prohibits local governments from imposing additional requirements on compliant registered cottage food operations. No county-specific ordinance was found that restricts cottage food beyond state law. Sellers should contact the Sevier County planning or licensing office for any local business licensing requirements.

### Health

No. No inspection required; complaint-based only for registered operations.

### Business license

Varies

### Pickup / delivery

Direct sales at home, farmers markets, events, and online sales permitted. Indirect/wholesale sales also allowed under UDAF registration. No sales cap.

### If you rent a commissary kitchen

**UDAF cottage food is not a food-service permit.** Utah cottage food is a UDAF registration. A commissary is a food establishment permitted by the local health department.

This file is the home-kitchen path. A rented kitchen uses a different permit. Ask the kitchen manager which license they expect, then call the local health office.
