Where to file

State

Virginia registration: No. Routine kitchen inspection: No. As amended by HB 402 (Acts of Assembly 2026 Ch. 605), effective July 1, 2026: exempt foods may be sold at any location, through the internet, or by phone to an individual in Virginia for their own consumption, and delivered in person, by mail, or by delivery service in Virginia. Still no resale, consignment, restaurants, retail food establishments, or out-of-state sales. Local zoning still applies. The VDACS home-food-processor FAQ PDF is stale (still says no online sales); the statute controls. <https://lis.virginia.gov/bill-details/20261/HB402>

Direct sales to consumers only; no retail store sales, no consignment, no wholesale.

If you rent a commissary kitchen

VDACS treats a commercial kitchen as a food-processing operation. Virginia cottage food is a home exemption. A commissary or commercial kitchen that manufactures food for sale needs a VDACS inspection and permit. VDACS publishes a commercial-kitchen food-processing application. Local health departments permit restaurants and similar food establishments.

This file is the home-kitchen path. A rented kitchen uses a different permit. Ask the kitchen manager which license they expect, then call the local health office.
