Where to file

State

Virginia registration: No. Routine kitchen inspection: No. As amended by HB 402 (Acts of Assembly 2026 Ch. 605), effective July 1, 2026: exempt foods may be sold at any location, through the internet, or by phone to an individual in Virginia for their own consumption, and delivered in person, by mail, or by delivery service in Virginia. Still no resale, consignment, restaurants, retail food establishments, or out-of-state sales. Local zoning still applies. The VDACS home-food-processor FAQ PDF is stale (still says no online sales); the statute controls. <https://lis.virginia.gov/bill-details/20261/HB402>

Zoning / home occupation

Conditional. Prince Edward County likely has standard Virginia home occupation zoning provisions. Producers should contact Prince Edward County Planning and Zoning (Farmville, VA) for current requirements. For VDACS home food processing permit, written zoning approval is required.

Health

Conditional. VDACS home food processing permit: initial inspection required. Cottage food exemption: no routine inspection; complaint-based only.

Business license

Conditional

Pickup / delivery

Virginia cottage food exemption: direct sales only. Home pickup and local delivery permitted for non-TCS shelf-stable items. Online sales allowed.

If you rent a commissary kitchen

VDACS treats a commercial kitchen as a food-processing operation. Virginia cottage food is a home exemption. A commissary or commercial kitchen that manufactures food for sale needs a VDACS inspection and permit. VDACS publishes a commercial-kitchen food-processing application. Local health departments permit restaurants and similar food establishments.
