This is what the state asks for a home cottage bakery. Local zoning still applies even when the state requires no food permit.

What the state asks

Registration: No. Routine inspection: Upon-complaint. Sales cap: \$35,000 / year.

Mississippi prohibits Internet sales, mail order, wholesale, and retail establishment sales. Cottage food products may only be sold through in-person direct-to-consumer channels including events, farmers markets, home sales, and roadside stands. Advertising on the Internet including social media is permitted even though sales through those channels are not.
