NOT LEGAL ADVICE

This is what the state asks for a home cottage bakery. Local zoning still applies even when the state requires no food permit.

What the state asks

Registration: No. Routine inspection: No. Sales cap: —.

Wyoming's Food Freedom Act allows considerably broader indirect sales than most states. Non-potentially hazardous foods, eggs, and dairy products may be sold through third-party vendors (retail shops, grocery stores) as long as the sale complies with the Act. The third-party seller must inform consumers that the food is not certified, licensed, or inspected, and non-potentially hazardous foods must be displayed separately from licensed products with a label stating 'this food was made in a home kitchen, is not regulated or inspected and may contain allergens.' Potentially hazardous homemade foods (except eggs/dairy) must be sold by the producer or designated agent only. A 'designated agent' may also facilitate transactions including marketing, transport, storage, and delivery without taking ownership of the product.
