Idaho Cottage Food Label Template

Print-ready layout using Crosodo labeling research. Educational only —
verify wording with your state agency before production.

How to use this template

Replace product name, business name, address, ingredients, and net weight for each SKU. Keep allergen statements in plain English. Do not paraphrase required disclaimer language when the state mandates exact wording.

Idaho labeling notes

Statute: IDAPA 16.02.19 (Idaho Food Code, cottage food provisions)

Font requirement: (none specified)

Required disclaimer: The food was prepared in a home kitchen that is not subject to regulation and inspection by the regulatory authority; and the food may contain allergens.

Summary: Products must be labeled with the statement 'The food was prepared in a home kitchen that is not subject to regulation and inspection by the regulatory authority; and the food may contain allergens.' A placard at the point of sale is an acceptable alternative to labeling individual packages.
