Maine Cottage Food Label Template

Print-ready layout using Crosodo labeling research. Educational only —
verify wording with your state agency before production.

How to use this template

Replace product name, business name, address, ingredients, and net weight for each SKU. Keep allergen statements in plain English. Do not paraphrase required disclaimer language when the state mandates exact wording.

Maine labeling notes

Statute: 7 M.R.S.A. §282 (Food Sovereignty Act)

Font requirement: (none specified)

Required disclaimer: (no exact wording mandated)

Summary: Under the statewide license, label requirements apply for packaged products sold away from the home; however, no label is required for products sold directly from the producer's home. Labels for retail/market sales must include standard food labeling information. The Food Sovereignty Act municipal ordinance pathway may have different local requirements.
